

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

-Very impressed. Right now really means Right now. Less than 12 hours after we agreed to have our new A/C Heating installed, Gerry and Robbie were here to get it done. They are two very dedicated and professional workers. They did not stop til the job was done right even though it was 10:30 PM. They were friendly and cleaned up everything once they were done. We choose Right Now because of Customer Service. We had 4 other companies come out to give us a quote. Damon was the only one that took the time to talk to my wife, explain everything and show us the options. → turn
