

# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

I have recommended you to my son in law already.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

Damien was very professional and not pushy. Talking to him made it easy as he explained everything in laymans terms. Was patient + had a neat sense of humor. The installers were very polite + worked continuously until job was completed. Very hard workers. I was really impressed with your employees. Before they left they explained everything to us to make it easier for us to work our wonderful new unit.
