

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

I was very impressed with the speed in which I had help, the men who came to my home courtesy and kindness they showed me. Since I am house bound and 92 yrs old. It is indeed my privilege to have had all three of the employees of your company with their efficiency and speed for the furnace repair as I am on fixed income. I appreciate business who don't "hold you up" in price also and use what you have if at all possible. You may use my name as reference at any time.
