

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

Everyone seemed so helpful and polite -- from the comfort specialist to the installation crew. It seemed they cared about us and how well they performed their jobs. I liked that they kept us informed of where/what they were in the process of the job. We have a clay tile roof. They heard my husband's concerns & did everything they could to prevent damage to our roof. Thank you so much for employing courteous and efficient employees. They treated us like a friend, not just another job!
