

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

Gerry And Mike the installers on 3/22/11 were both professional answered any questions and concerns as if they were installing the equipment in their own home. They both were neatly dressed; cleaned up 100% of anything they used like they weren't even here. They even vacuumed the heater area out. Mike explained the visit to us; the paperwork as well. They ^{both} represent your company with "old school" attitudes which is so refreshing and welcomed.

Satisfied!

Kick the first one we saw from you
was professional - courteous - and was
friendly, answered any questions we had -
we called with questions and he called
right back with the "right" answers the
first time, he said we after the sale
can call with any concerns any time and
if he can't handle it - someone will from
the co. A.S.A.P. However he doesn't expect
any problems to arise - it's good to know
after a sale - there is after care if
needed just like businesses were run back
in the Day 😊
