

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

The service men did things that no other installers had done. They went under the house to check for ducts and repaired a couple. The original furnace had no sheetrock behind it. They put sheetrock there.

The guys were pleasant, made sure we understood what they were doing and why. They cleaned up after themselves.
