

# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

The guys were very friendly and got right to work. They seemed to run into a few problems but they just kept on and got the job done. They were very professional. They did not complain. They stayed on the job until they completed it. They asked if there was anything else they could help with when they came back to clean out the ducts. Very commendable.
