

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

We are very pleased with the installation James & Wright did on our solar tubes. They went right to work & completed the job in good time (Even cleaned up their dust) Very personable guys.
