

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback: as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

I was very impressed with the efficiency these young men worked, their kindness and knowledge are way above the norm today. Mother & I noticed a change in the comfort of my home right away. Last night was the first evening that mother was not covered with a blanket, in the four years she has lived with me. Really made me happy to know she will no longer be shivering when the house is 70°. Thank you ☺
