

# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

*I was impressed by the Male's Qualities from the person who found our A/C return duct - and the expert in his voice and experience - The whole team was very professional courteous and was able to answer questions that were directed toward them - We were impressed from the initial phone call, to the sales call, the install team was amazing - and the follow through - talk about customer service you don't see that much anymore - And the price for the equipment, quality of installer's work truly amazing - My wife was totally impressed that a City Building permit was placed and an inspector came out - Right now followed through and completed all the set out to do!*
