

Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

Weston is a great salesman. We weren't really serious about replacing our furnace - but by the end of his visit both of us were convinced. His comments and the paperwork he had to back up his assertions allowed us to feel confident in the integrity of the company. I experienced the same level of integrity, passion for the work & business, and professionalism in the crew that installed our new furnace. The work was done in a timely manner, they were respectful and helpful with my questions, and left the area clean. Very impressed.
