Please tell us about anything that particularly impressed you, or anything that you would suggest we improve:

I was very impressed with the professionalism of every employee that came to our house.

They were very informative and showed us what our old furnace was made of. The installers were very

hard working professionals. They were very efficient and explained about gas lines, materials, and any maintenance we needed to know for our new furnace. We are extremely happy with the choices we made, and are grateful that the new furnace was installed so quickly.
