

# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Thank You

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

*We would like to express our appreciation for the professionalism, courtesy, and efficiency of the three men that assessed our heating and cooling needs, then installed our new system. Daniel did the assessment, then carefully explained our options. Gerry and Paul then did a superior job of installation and went cleaning. The work area was left tidy & clean. Great job by all!*
