# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

I was very impressed with the initiative that the representatives took to fix or make more efficient the cables and pipes that were in my crawl space. They re-assembled my furnace openings and put a pump in so that I wouldn't have water in my crawl space. They made what I have to get to easier. They were polite and they were careful about making sure they didn't make a mess.
