Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

It is passed 10pm and Michael and Shawn just left our house. These two men worked all day long to make sure our new system was installed and working properly. The problems they faced did not stop them from getting their job done. From cutting dry wall to figuring out old wiring, they did what they had to do to get it all done. My husband and I were very impressed by their professionalism and work ethic.
